

DUBLIN-YOUNGSTERS 2011

Youngsters from 13 to 17 years old

Dublin is one of the most popular destinations in Europe because it has everything for the visitor, from ancient ruins to an active nightlife. The school was founded in 1979 and it was one of the first English language schools in Ireland and It is accredited by ACELS and EAQUALS. The school is located in the very heart of Dublin city on the same street as Trinity College and Dublin Castle. It has two prestigious buildings within 1 minutes' walk of each other.

The Junior programme runs since 1979 and over the last 30 years it has welcomed thousands of students from all over the world. The Junior Summer Centre has been chosen for its excellent academic and sports facilities. It is conveniently located close to our homestays, in mature suburbs and convenient to public transport links. Sports facilities include playing fields and gyms. These facilities allow us to arrange a very varied and challenging sports and activity programme. You will visit historical places, take part in a lot of activities, arts and crafts, dance and sports, make lots of new friends and go to school discos or other arranged evening activities. In addition there are full day Saturday tours to places of historical interest or to towns and villages with cultural places of interest.

The Directors and staff are available throughout the day and the night as we realise how important it is that parents know their children are with caring and responsible people. Young students can be homesick, get lost or need medical care at any time, so our staff are always available and willing to help. All the excursions are accompanied by school's leaders known as 'Yellow Shirts' (because of their clearly identifiable polo shirts) and these leaders have been very carefully trained in dealing with young people. They are selected for their warm manner and sense of responsibility.
