

Augsburg, founded by the Roman Emperor Augustus, the conveniently located city of Augsburg is a crossroad for some of the most important trade and travel routes in Central Europe. In the 14th Century, Augsburg also had other areas which were of international significance: many leaders, artists and composers lived in this city in the heart of southern Germany. Augsburg is the second oldest city in Germany, and boasts a large array of impressive and interesting places of interest. It has a stunning town hall, a very old cathedral and beautiful botanical gardens, all of which you could visit during your German course.

The school, is located in a prime location, in the heart of the town and very close to many shops, cafes and places of interest. Mozart and Brecht once lived and worked here, and this town in the middle of Bavaria continues to attract creative people and is ideally suited to learning. It contains drinks and snacks vending machines, and coffee can be purchased in the reception area. There is also a computer corner with internet access as well as a study room. The modern furnishing creates a pleasant atmosphere, in which learning becomes almost effortless. Our fun German classes and our highly motivated teachers also contribute to this!

Accommodation: The **residence**, located in the town center and is just a short walk from the historic Old Town and it is only 10-15 minutes walking distance to the school. It has comfortable 4-bedded rooms with full board; this includes breakfast and dinner, as well as a warm lunch or a delicious packed lunch for excursions. Please note that arrivals and departures are on **Sundays!**
