

Frankfurt, a fascinating city full of historical districts and modern areas scattered with imposing skyscrapers. The city on the River Main is an important economic center in Europe and is consequently a thoroughly international city. However the city has retained many old buildings which have been restored to being as picturesque as they once were. Frankfurt also boasts a "Museum Mile" – a stretch along the banks of the Main which, in addition to containing many museums, is home to several very pleasant garden restaurants.

The school, accredited by *FYTO* y *ALTO*, is located in Sachsenhausen, an old, residential part of the city with lots of historical houses. Students cross the iron bridge "Eiserner Steg" to get to the heart of the city, which is only a short walk away. It is furnished in a modern yet comfortable style and has a large lounge area with a coffee-bar, where you can relax. The classrooms are bright and often have a view of the surrounding area or towards the city center. It is conveniently located just a few minutes from a subway station, which provides you with easy access to the city center, or you could get there on foot within 15 minutes. In the Sachsenhausen neighbourhood you will find a variety of shops, restaurants and snack bars which are easily reached from the school.

Accommodation: The **residence** is within walking distance of the school, and is just 10-15 minutes' walk from the city center. You would stay in a 2- to 4-bedded room with a shared bathroom. It also has a restaurant, café, lounge and games room, and it offers full board (packed lunch). **Host-family:** you would have the opportunity to experience German daily life, and gain an insight into what it's really like to live in Frankfurt. The host families are located either within walking distance of the school or up to 30 minutes away by public transport. Full board is also offered, with breakfast and dinner with the family, and lunch (packed lunch) with the other students in a restaurant near the school.
